# Hart County Agriculture

Fall 2022

Hart County Extension Office  
505 A.A. Whitman Lane  
P.O. Box 367  
Munfordville, KY 42765  
270-524-2451

Harvest season is upon us here in Hart County. Thankfully we have had some rain here recently that will likely improve the yields of our fall hay crop as well as the yields of the soybean crop. Silage choppers are starting to move across some corn fields filling silos, silage bags, and bunkers for winter feed. There will be more and more equipment moving up and down the highway in the weeks ahead so keep a look out and share the road.

The Hart County Cattlemen's Association held their Annual Farm to Table Dinner on July 29th with over 200 people in attendance. Local products were served for the attendees to enjoy. Probably most enjoyable than anything was watching people enjoy fellowship for the evening.

This newsletter is packed with events that are coming up this fall as well as other information. Be sure to stay up to date with what the Hart County Extension Service has to offer. Give us a like on the Hart County Facebook Page or call us at 270-524-2451 and have us put you on our email list so that you can keep up with events happening in Hart County or surrounding counties.

Hope everyone has a safe Harvest !

*Adam Este*

## What's Inside

- Sign Up for FSA Text Alerts
- Beef Bash 2022
- KATS Survey
- Fall Grazing Conference
- Rinse and Return
- Backyard Spray Guides
- BQCA Chute Side
- CAIP Sign Up

## Sign Up for FSA Office Text Alerts

Stay up to date on program and sign-up opportunities with FSA office text alerts. In addition to email alerts, you can also subscribe to receive text messages on your cell phone from the Hart County USDA Service Center. To subscribe to text message alerts, text KYHart to 372-669. Standard text messaging rates apply, and you can unsubscribe at any time. On average, we will send you no more than two text messages each month.

## Kentucky Agriculture Training School Survey

The Kentucky Agriculture Training School is planning programs and trainings for the next year and we could use your help! We are interested in meeting the needs of the KY's agriculture community so please take this short survey and provide us with your thoughts. Thanks in advance for your participation. We greatly value your input.

# Rinse & Return

**Thursday, September 8, 2022**

**1:00 - 2:30 pm**

**Hart County Extension Office Parking Lot  
505 A.A. Whitman Lane, Munfordville, KY**

## **Plastic Pesticide Container Recycling Guidelines**

- 1. Triple rinse or pressure rinse all containers when emptied. Remember, it is best to rinse containers immediately after they are emptied. Some pesticide residues solidify quickly, and become difficult to remove from the container if left in the jug.**
- 2. Dispose of the Pesticide Caps and remove sleeves and labels from containers. The Pesticide Caps are made of different plastic material that cannot currently be recycled.**
- 3. Each empty pesticide container returned will be inspected to ensure it has been properly rinsed. Unrinsed containers will not be accepted.**

# Spray Guides for Homeowners

We often get questions regarding fruit tree management throughout the year. Below are links to simplified backyard spray guides for apples, pears, peaches, grapes, etc.

## Apple and Pear

<http://plantpathology.ca.uky.edu/files/ppfs-fr-t-18.pdf>

## Peach and Stone Fruit

<http://plantpathology.ca.uky.edu/files/ppfs-fr-t-20.pdf>

## Grape
